ABOUT US.

Since its foundation in 1996, quality has been at the core for Joli. This is reflected in the stainless steel and aluminium tables with ceramic tabletops. But also in the other high-quality furniture, such as chairs, loungers, cabinets and, more recently, accessories. Thanks to their durability, the furniture is more than just an object. It becomes the place where you create lifelong memories.

Joli manufactures furniture that meet current material and stability standards, all aligning with the newest design trends.

Furthermore, we also offer bespoke furniture on request. Thanks to a wide range of finishes in a variety of styles, a great eye for detail and an ear to the latest developments in market trends, Joli manages to offer designs that are both timelessly modern and trendy.

about us. 9

BELGIAN CUSTOMISED DESIGN

Joli is a Belgian quality brand for customized tables, chairs, accessories, loungers and cabinets. One by one handmade.

This also ensures that Joli can offer custom-made craftsmanship. With this offer, we occupy a unique position worldwide. Curious what we can do for you? Feel free to send us an email: info@joli.be.

Our products are 100% Belgian in terms of quality and design. We work exclusively with domestic designers. We are always looking for improvements to expand our brand.

"At Joli, we believe that aesthetics & quality can go hand in hand!"

It all starts around the table & we make sure it will last

We believe in durability. Our furniture is designed to last. Robust, yet cosy. We always use stainless steel and aluminium for our tables and our table tops are made of Xeramica®, a product that is beautiful and practical.

Because of our choice for quality all our tables, accessories and loungers can be used both indoors and outdoors. This also applies to many of our chairs and their cushions.

So, what are you in for? A new table for the terrace? A new eye-catcher in the dining room? Or both?

Our indoor & outdoor products are recognazible by this icon

John Ghekiere

John Ghekiere, also known as Mister Joli, established Joli in 1996. As founder of the furniture brand, he is keen to see the company grow and develop. R&D is therefore his main focus. His keen interest in innovation, superior materials and a sharp eye for functional design are an intrinsic part of his personality. The creation of new products and directing marketing campaigns are his greatest passion.

Mathias De Ferm

Mathias De Ferm is a product and furniture designer from Antwerp, Belgium. Collaborating with renowned international brands, his work includes furniture, products, lighting and micro-architecture. His work is characterized by a strong belief in the social relevance of design. A dining table, for instance, is not limited to its practical qualities. It forms the social centerpiece of a home: a place where people gather to eat, drink and talk with each other. This idea led to a serene yet warmhearted aesthetic and the frequent use of durable materials.

Lieven Musschoot & Cas Moor

Lieven Musschoot graduated as an interior architect from the Architecture school Sint-Lucas in Ghent, Belgium. He believes interior architecture is a reaction between the client and the architect.

Cas Moor graduated in 2015 with a bachelor's degree in Interior Architecture and a masters degree in Autonomous design. His projects range from interior architecture, lighting, furniture and accessories to exhibitions and electronics.

Since 2014 Moor & Musschoot are a productdesign team. Their philosophy is: "It's obvious that a designer listens to the machines".

WIRE

The idea behind the Wire collection, a design by Mathias De Ferm, is ingeniously simple. The tables and chairs are fashioned from fine, stainless steel wire: a single collection with one highly recognisable design line. These are suitable for both indoors and outdoors, are lightweight and solid, and are available in versatile finishes with a range of tabletops. A strinking detail is that the legs are angled outwards from a central point, giving the entire piece an even lighter look.

CURVE

Organic lines, that's what this collection is all about. These lines cause both the tables and the chairs to be a visual delight. However, they are also very practical. The chairs are perfect for long days of sitting, because the slight curve and the flexible upper part allow you to sit up straight without looking too stiff. The Curve chairs and tables can be put together in such a way that they complement any decor.

MARGUERITE

A true masterpiece, Marguerite only reveals its secrets to the careful observer. The unassuming design of the table and the character of its conical legs make it an easy fit for any environment, whether indoors or outdoors. At the same time, its presence adds a subtle but priceless elegance to any occasion.

FIZZ

The starting point of this collection is organically shaped aluminium. The slender, feminine lines and curves give these tables and chairs a visual lightness. The seat pattern was inspired by traditional rattan. Replacing this with high-end Italian rope produces an extremely attractive and recognisably modern look. Not only is the rope very comfortable to sit on, it is also totally weatherproof and dries extremely quick.

CHAGALL

The ultimate in femininity: Chagall's 'egg cup' curves are organic and graceful. The shaped foam seat can be upholstered in vegan leather or a fabric with a pleasant feel. This beautifully designed armchair is available with either a fixed (x-base / sled base) or spinning foot. Despite its strikingly light structure, this is a strong, long-lasting chair.

LAYERS

Layers, with a table top that appears to float, this table looks very light and spacious. It is also true to its aesthetic beauty thanks to its extremely thin frame. This in combination with one of the twelve ceramic tabletops makes Layers an excellent and elegant table for indoor and outdoor use.

CUBE

Meet Cube, our cabinet collection. The options are endless. The seperate blocks can be put together in such a way that they deserve a place in every interior.

There are endless color combinations to be made. Give everything the same colour or choose a variation between the inside, outside and top. Thanks to the material the doors are made of, Matilux[®], you no longer have any problems with stripes, scratches and reflections in the sun.

You can choose between Cube 55, 70, 85 and 193. Did you know that the number in the name refers to the height of the separate blocks?

Via the step-by-step guide on the next page, we will help you put together the perfect cabinet!

Your new cabinet, step by step.

You can customise our beautiful cupboards both in size and colour. The options are countless. With the help of this step-by-step plan, we will guide you through the process!

1. Do you want a standing or hanging cabinet?

- A. **Standing** Cube 55, 70, 83 or 193 See 2A.
- B. **Hanging** Cube 55 or 70 ── See 2B.

2. What should be the height of your cabinet?

A.	Standing	55 cm	(excluding legs)	Cube 55	wall	p. 170
		78 cm	(70 + 8 cm finishing bases)	Cube 70		p. 174
		83 cm		Cube 83		p. 177
		91 cm	(83 + 8 cm finishing bases)	Cube 83		p. 177
		118 cm	(110 + 8 cm finishing bases)	Cube 55	double	p. 172
		148 cm	(140 + 8 cm finishing bases)	Cube 70	double	p. 175
		173 cm	(165 + 8 cm finishing bases)	Cube 55	triple	p. 173
		193 cm		Cube 193	3	p. 178
В.	Hanging	110 cm		Cube 55	bar or column	p. 171
		140 cm		Cube 70	bar	p. 176
		165 cm		Cube 55	bar or column	p. 171
		220 cm		Cube 55	column	p. 171

3. Choose the length (and depth). And how many doors and/or drawers would you like?

To see all possibilities go to the page matching the chosen height of your cabinet. Here you will also find the eventual options that correspond with the cabinet.

4. Color inside the Cube:

Melamine

5. Color of doors, top and sides:

Matilux® - 4 mm

6. Do you want a top made of Xeramica®? If so, in what color? See page 155 for more information about the ceramics.

It is not possible for Cube 193 to add a top in Xeramica®.

Glass clean.

Glass clean does not leave scratches and is therefore most suitable for cleaning matt glass, ceramics and stainless steel. This makes it the perfect agent for treating aggressive grease marks or tough dirt on Matilux®, even surface rust on stainless steel (brown spots).

All clean.

Powerful, versatile and safe cleaner for all applications, indoor and outdoor. Removes grease, dirt and green soiling. Cleans: garden furniture, faux leather, table tops, textile fabric covers and tarpaulin.

Textile protector.

This is a high-performance protection product for upholstery textiles. The dirt-repellent layer means that food and drinks will not leave stains. This will ensure that your furniture lasts for many years without stains.
